

## Adult Ceramics Classes Materials List

- One 25-lb bag of Cone 10 Clay:

Class	Clay Type – CONE 10	Why
Adult Hand-building Classes	Soldate 60, Rod's Bod, LB Blend, B-Mix with Sand, <u>or</u> B-Mix – least preferred	Clays with grog or sand are stronger for hand-building.
Adult Throwing Classes	B-Mix preferred, <u>or</u> any of the clays listed above.  Porcelain is NOT recommended for beginning students.	B-Mix is smooth and won't scratch hands during throwing, but it can be tricky throw. The other clays have grog or sand which helps them hold their form.

- Starter's Tool Kit, shown.
- 1 Gallon-size Zip-lock bag or a tumbler or mug to hold tools
- Apron or an old-t-shirt to help protect clothing
- Closed toe shoes for safety

### Additional Optional Tools:

- Hand Towel
- Sure Form for trimming leather hard clay
- Dust Mask
- Small EMPTY, clean **plastic** container with a lid  
(ex. a recycled sour cream 8 oz container) for storing slip
- Strong bag clip to keep clay bag sealed, shown
